

Technical Visit Course #7

- Connecting people by Shinkansen

Hamamatsu Workshop (JR CENTRAL)

One-Day Visit (Friday, November 1, 2019)

Course Outline:

Hamamatsu Workshop is a maintenance base for Shinkansen rolling stocks of Central Japan Railway Company (JR Central) about 250 km southwest of Tokyo, in Shizuoka Prefecture. This workshop is engaged in conducting inspection and repair of rolling stock for the Tokaido Shinkansen. Rolling stocks are disassembled to the equipment level and are precisely inspected through overhaul inspection. In this Technical Visit, you will visit the main facilities of this workshop such as the inspection and repair lines of car bodies and bogies. You will ride the Tokaido Shinkansen as transportation for this Visit. Please note that an additional fee for the fare of the Shinkansen will be charged.
